

Dear Retailer Partners,

July 5, 2018

This letter is to announce a voluntary product recall of 1 Lot of Rad Cat Raw Diet Pasture-Raised Venison Recipe, and 3 Lots of Rad Cat Raw Diet Free-Range Chicken Recipe.

As a follow-up to our March recall, we have been conducting enhanced sampling and testing of all of our products and production environment. We have found that the 3 Lots listed in this notice of our Free-Range Chicken Recipe may contain *Listeria monocytogenes* and we are recalling these lots out of an abundance of caution.

One Lot of our Pasture-Raised Venison Recipe may contain a type of E. coli (E. coli O121) that is a Shiga Toxin Producing E. coli. (STEC). This has not been shown to be pathogenic to cats or dogs, but if ingested by humans, could make them ill. The FDA has a zero tolerance policy for ANY pathogens in pet food, even if these pathogens are not harmful to pets. If humans do not handle pet food appropriately or if cats or dogs shed this bacteria in their feces, humans could be infected, if the bacteria is ingested.

Please quarantine the following Lots if you have stock in inventory:

	<u>Lot</u>	<u>Best By</u>
Free-Range Chicken Recipe (8oz, 16oz, 24oz)	63057	10/09/2019
Free-Range Chicken Recipe (8oz, 16oz, 24oz)	63069	10/23/2019
Free-Range Chicken Recipe (8oz, 16oz, 24oz)	63076	10/31/2019
Pasture-Raised Venison Recipe (8oz, 16oz, 24oz)	63063	10/15/2019
	<u>Case Lot</u>	
Variety Samples (Venison Lot 63063 Only – 1oz)	1062	06/10/2019

Please record all product you have in stock and send the attached Confirmation of Disposal form **to your distributor**. This form must be filled out completely to receive credit.

No pet or human illnesses have been reported associated with these lots, and no other Rad Cat Raw Diet products are affected.

Please feel free to contact us or your Rad Cat sales rep directly with questions you have, and direct your customers to our website to contact us with any questions. We will respond to every contact as quickly as we are able. Thank you for your help with this process.

ONLY THE LOT CODES AND BEST BY DATES LISTED IN THIS NOTICE ARE AFFECTED. Please help your customers to not be confused between the affected lots and the product barcode (UPC). Lot Codes and Best By Dates are on the bottom of each cup.

We are instructing consumers to return any of these recalled products to you for credit. Please dispose of the product in a secure garbage receptacle and record the product returned on your Retailer Confirmation of Disposal Form. Fully completed forms should be sent to your distributor for credit. Please do not send them to Radagast as we cannot process them.

At Radagast, we have always made the safety of our products our number one concern. We have engaged an expert food safety consulting firm to help us enhance our processing and testing methods. We are happy to answer your questions, and ask for your continued faith in Rad Cat Raw Diet.

Best Regards,

Janice Hatch-Rizzi, President
Radagast Pet Food, Inc.
